

Vishwokarma Labs TechX Kathmandu 2026

Showcase. Innovate. Connect.

 4 April 2026 |  12 PM – 6 PM |  Kathmandu

Made with **GAMMA**

What is TechX?

TechX Kathmandu is a **youth-focused innovation showcase** bringing together the brightest engineering minds to present real-world solutions in Robotics, AI, and IoT.

Build

Present real-world projects that solve genuine problems

Showcase

Gain exposure in front of industry experts and peers

Connect

Network with innovators, mentors, and startup founders

Why You Should Participate

TechX isn't just an event — it's a **career-defining opportunity** for engineering students ready to make their mark.

Showcase Your Work

Put your best project in front of the right people

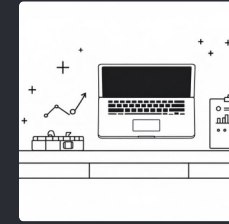

Expert Feedback

Get constructive critique from industry professionals

Expand Your Network

Meet innovators and startup founders face-to-face

Build Your Portfolio

Add a standout milestone to your professional story

What You Can Present

From cutting-edge AI models to hands-on hardware builds — if it solves a real problem, it belongs at TechX.

→ 🤖 Robotics Projects

Autonomous systems, mechanical arms, drones

→ 📶 IoT Systems

Smart devices, sensor networks, connected solutions

→ 🧠 AI / ML Applications

Computer vision, NLP, predictive models

→ ⚙️ Hardware Innovations

PCB designs, embedded systems, prototypes

 HUGE OPPORTUNITY

Free Participation Pass — No Fees Required

Got an impressive, innovative project? **You could participate completely FREE.**

Step 1

Send your project proposal on our **WhatsApp**

Step 2

Our team reviews your project for **innovation & impact**

Step 3

If selected — **FREE PARTICIPATION PASS** is yours. Zero cost.

 **Don't wait.** Limited free passes available. Send your proposal today and secure your spot at TechX 2026.

Prizes Worth Competing For

Top innovators walk away with **cash prizes and exclusive Customized NFC Cards** — a symbol of your achievement at TechX.

First Prize

Rs 30,000

+ Customized NFC Cards

Second Prize

Rs 20,000

+ Customized NFC Cards

Third Prize

Rs 10,000

+ Customized NFC Cards

No Project? Still Come!

TechX is an experience for **everyone** — not just presenters. Walk in curious, walk out inspired.

Explore Exhibitions

Walk through live project demos from your peers

Interact with Innovators

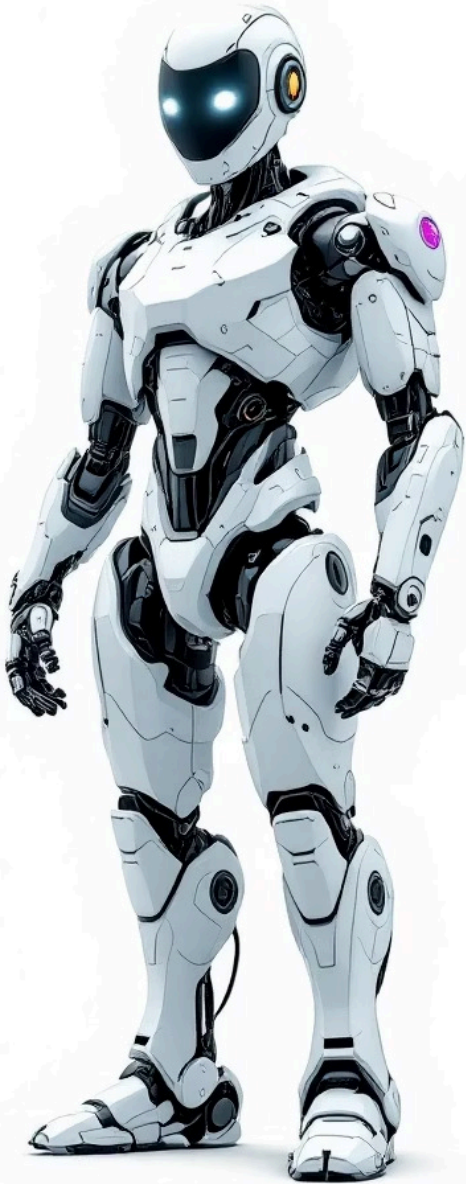

Ask questions, exchange ideas, spark collaborations

Learn New Technologies

Discover what's possible in robotics, AI, and IoT today

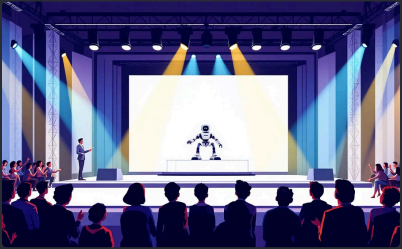

★ SPECIAL ATTRACTION

Humanoid Robot — Live Demonstration

Witness the future of robotics in person. A **fully operational humanoid robot** will be demonstrated live at TechX 2026 — an experience unlike anything you've seen on campus.

The TechX Experience

Live Demos

Real projects. Real results. Watch innovation in action.

Industry Mentors & Judges

Get evaluated and guided by professionals who've built real products.

Startup Founders

Hear directly from founders who started exactly where you are now.

Your Moment Starts Here

Don't just learn technology. Build it. Showcase it.

➡️ Send Your Proposal

WhatsApp us your project idea for a free participation pass
